### HIMACHAL PRADESH GOVERNMENT

#### DEPARTMENT OF MULTIPURPOSE PROJECTS AND POWER NOTIFICATION

*Simla-4, the 9th March, 1965*

**No. MPP-8-9/65-12037-82C.**—The Lieutenant Governor, Himachal Pradesh in accordance with the provision of Indian Electricity Act, 1910, is pleased to enforce the following Schedule of Electricity Tariffs:—

1. The Schedule of Tariffs is deemed to be unified tariffs extended to whole of the territory of Himachal Pradesh.

#### PART I—GENERAL

*Short title, extent and commencement.*—(a) This may be called the Himachal Pradesh Schedule of Tariff applicable for supply of Power from Hydro Electric Systems.

(b) This tariff will be applicable throughout the territory of Himachal Pradesh.

(c) This tariff shall come into force from 1st April, 1965.

*Definitions.*—In this Schedule, unless the context otherwise provides,—

(i) 'Act' means the Indian Electricity Act, 1910 as amended from time to time;

(ii) 'Supplier' means the Department of Multipurpose Projects and Power, Himachal Pradesh Government;

(iii) 'urban areas' include all Small Town areas having Municipal Committees, Small Town Committees and Notified Area Committees;

(iv) other words, expressions and phrases shall have the meaning respectively assigned to them in the Indian Electricity Supply Act, 1948, as amended from time to time.

## PART II—SCHEDULE OF TARIFF

## 1-A. SCHEDULE DS—DOMESTIC SUPPLY 'URBAN AREAS'

*Availability.*—Available to private houses, for lights, fans and other domestic appliances upto demand of 3 kw.

Resale and sub-metering to tenants, other flats etc. is strictly prohibited except with the written permission of Supplier, in which case the blocks of tariff shall be suitably compounded.

In exceptional cases Supplier may permit larger load on this tariff.

*Character of service.*—A.C. 50 cycles, single phase, 230 volts, 3 phase, 400 volts.

*Tariff.*—32 P/kwh for the first 15 kwh/month.

13 P/kwh for the next 25 kwh/month.

6 P/kwh for all above 40 kwh/month.

Subject to a surcharge of 2 P/kwh to be levied, if the payment in full is not made within the time specified on the bill.

## 1-B. SCHEDULE DS—DOMESTIC SUPPLY 'RURAL AREAS'

*Availability.*—Available to private houses, for lights, fans and other domestic appliances upto demand of 3 kw.

Resale and sub-metering to tenants, other flats etc., is strictly prohibited except with the written permission of Supplier, in which case the blocks of tariff shall be suitably compounded.

In exceptional cases Supplier may permit larger loads on this tariff.

*Character of service.*—A.C. 50 cycles, single phase, 230 volts, 3 phase, 400 volts.

*Tariff.*—10 P/kwh for the first 15 kwh/month.

20 P/kwh for the next 25 kwh/month.

6 P/kwh for all above 40 kwh/month.

Subject to a surcharge of 2 P/kwh to be levied, if the payment in full is not made within the time specified on the bill.

The rates for the following categories of supply shall be common both for urban and rural areas:—

## 2. SCHEDULE CS—COMMERCIAL SUPPLY

*Availability.*—Available to all non-residential premises, for lights, fans, appliances and fractional horse power motors and up to total demand of 10 kw.

Resale and sub-metering to tenants adjoining premises and to other parties is strictly prohibited except with the written permission of Supplier, in which case the blocks of tariff shall be suitably compounded.

In exceptional cases Supplier may permit larger loads on this tariff.

*Character of service.*—A.C. 50 cycles, single phase, 230 volts for demands upto 3 kw. and 3 phase, 400 volts for demand exceeding 3 kw.

*Tariff.*—34 P/kwh for the first 30 kwh/month.

18 P/kwh for the next 50 kwh/month.

10 P/kwh for all above 80 kwh/month.

Subject to a surcharge of 2 P/kwh to be levied if the payment in full is not made within the time specified on the bill.

## 3. SCHEDULE SP—SMALL INDUSTRIAL POWER SUPPLY

*Availability.*—Available to Small Power Industries including pumps with demand not exceeding 20 kw.

*Character of service.*—A.C. 50 cycles, 3 phase, 400 volts.

*Tariff.*—16 P/kwh for the first 500 kwh/month.

10 P/kwh for all above 500 kwh/month.

Subject to a surcharge of two per cent to be levied for each 30 days successive period or part thereof (excluding rental) until the amount is paid in full, if the bill is not paid within the time specified on the bill.

*Single point supply.*—The above tariff is based on the supply being given through a single delivery and metering point and at a single voltage. Supply at other points or at other voltages shall be separately metered.

*Factory lighting.*—An industrial consumer, shall be allowed a light point upto 60 watts for general consumption, at the above schedule upto the extent of 10 kwh during any one month and the balance kwh will be charged on Schedule CS—Commercial Supply.

#### 4. SCHEDULE MS—MEDIUM INDUSTRIAL POWER SUPPLY

*Availability.*—Available to all industrial power consumers with demands ranging from 21 kw. to 100 kw.

*Character of service.*—A.C. 50 cycles, 3 phase, 400 volts, 11,000V/22,000V.

*Tariff—Demand charges.*—Rs. 6.50 per month per kw. of demand.

*Plus energy charges.*—6.50 P/kwh for the first 5,000 kwh/month.

6.00 P/kwh for all above 5,000 kwh/month.

Subject to a maximum overall rate of 10 P/kwh.

The above tariff covers supply at 400 V and a rebate of  $7\frac{1}{2}\%$  will be allowed if supply, at the option of Supplier is given at 11,000 volts or 22,000 volts.

Above rates are subject to a surcharge of two per cent to be levied, if the bill is not paid within the time specified on the bill for each 30 days successive period or part thereof (excluding rental), until the amount is paid in full.

*Demand assessment.*—The demand assessment for any month shall be defined at the highest average load measured in kilowatts during any 30 consecutive minutes period of the month.

#### 5. SCHEDULE LS—LARGE INDUSTRIAL SUPPLY

*Availability.*—Available to industrial consumers with maximum demand exceeding 100 kw.

*Character of service.*—A.C. 50 cycles, 3 phase, 11,000V/22,000V/33,000V at the discretion of Supplier.

*Tariff—Demand charges.*—Rs. 5.50 per month/KVA.

*Plus energy charges.*—5.50 P/kwh for first 1,00,000 kwh/month.

5.25 P/kwh for next 2,00,000 kwh/month.

5.00 P/kwh for all above 3,00,000 kwh/month.

Subject to maximum overall rate of 8 P/kwh.

Above rates are subject to a surcharge of two per cent to be levied if the bill is not paid within the time specified on the bill for each 30 days successive period or part thereof (excluding rental) until the amount is paid in full.

*Single point supply.*—The above tariff is based on the supply being given through a single delivery and metering point and at a single voltage. Supply at other points or at other voltages shall be separately metered.

*Factory lighting.*—All the consumption for the *bona fide* factory lighting shall be included for charge under the above tariff. The consumption for residential and resale purposes for the factory's staff quarters, street lighting of colony shall be subject to an additional charge of 7 per cent per kwh on the reading of meters suitably installed by Supplier.

*Demand assessment.*—(a) (i) The demand charge shall be based on the actual maximum demand during the month, or

(ii) 75 per cent of the highest maximum demand during the preceding 11 months, or

(iii) 50 per cent of the contract demand whichever is the highest.

(b) For loads between 125 KVA and 250 KVA the Supplier shall reserve the right to measure the maximum demand in kilowatts and charge for it at Rs. 6.00 per kilowatt per month. In this case, if the consumer's power factor is lower than 85 per cent the demand shall, at Supplier's option, be defined as 85 per cent of the highest average kilovolt amperes measured during any 30 consecutive minutes period of the month.

#### 6. SCHEDULE AP—AGRICULTURAL/IRRIGATION POWER SUPPLY

*Availability.*—Available to the irrigation pumping and other/agricultural purposes for loads with maximum demand not exceeding 20 kw. For larger loads Schedule of MS. or LS. shall be applicable.

*Character of service.*—A.C. 50 cycles, single phase, 230 volts or 3 phase, 400 volts.

*Tariff.*—9 P/kwh for first 1,500 kwh/month.

8 P/kwh for all above 1,500 kwh/month.

Subject to a surcharge of two per cent to be levied if the bill is not paid within the time specified on the bill for each 30 days successive period or part thereof (excluding rental) until the amount is paid in full.

#### 7. SCHEDULE BS—BULK SUPPLY

*Availability.*—Available as primary power to distributing licensees and Electricity Boards for resale to ultimate consumers.

*Character of service.*—A.C. 50 cycles, 3 phase, 11,000 V, 22,000 V or at 400 volts at the discretion of Supplier.

*Tariff—Demand charges.*—Rs. 6.87 per kwh/month.

*Plus energy charges.*—4.38 P/kwh for first 1,00,000 kwh/month.

4.06 P/kwh for next 2,00,000 kwh/month.

3.75 P/kwh for all above 3,00,000 kwh/month.

Subject to maximum overall rate of 8.54 P/kwh without prejudice to the maximum monthly payment as per condition under demand assessment.

Above rates are subject to a surcharge of 2 (two) per cent to be levied if the bill is not paid within the time specified on the bill for each 30 days successive period or part thereof (excluding rental) until the amount is paid in full.

*Note.*—The above tariff covers supply at 11,000 V/22,000 V, and a surcharge of 8½ per cent will be levied if the supply is given at 400 volts.

*Single point supply.*—The above tariff is based on the supply being given through single delivery and metering point and at a single voltage supply at other points or at other voltage shall be separately metered.

*Demand assessment.*—(a) (i) The demand charge shall be based on the actual maximum demand during the month, or

(ii) 75 per cent of the highest maximum demand during the preceding 11 months, or

(iii) 50 per cent of the contract demand whichever is the highest.

(b) For loads between 125 KVA and 250 KVA, the Supplier shall reserve the right to measure the maximum demand in kilowatts and charge for it at Rs. 6.00 per kilowatt per month. In this case, if the consumer's power factor is lower than 85 per cent the demand shall, at Supplier's option be defined at 85 per cent of the highest

average kilovolt amperes measured during any 30 consecutive minutes period of the month.

*Special agreements.*—For bulk supply at special points and for special load, special agreements may be entered into.

#### 8. SCHEDULE SL—STREET LIGHTING SUPPLY

*Availability.*—Available for street lighting system and road and park lighting in Municipalities, Panchayats, etc.

*Character of service.*—A.C. 50 cycles, single or 3 phase, 230/400 volts.

*Tariff—Line maintenance and Lamp renewal charges.*—Replacement charges of Bulbs of all wattage at the rate of Rs. 1.50 per point per month.

*Plus energy charges.*—At the rate of 14 paise/kwh.

Subject to surcharge of one per cent to be levied if the bill is not paid within the time specified on the bill for each 30 days successive period or part thereof (excluding rental) until the amount is paid in full.

#### 9. SCHEDULE TM—TEMPORARY METERED SUPPLY

*Availability.*—Available to all domestic/commercial consumers for festivals and ceremonial occasions etc.

*Character of service.*—A.C. 50 cycles, single or 3 phase, 230/400 volts.

*Tariff—Domestic/Commercial purposes.*—(a) Domestic/Commercial Supply rate plus 33 per cent surcharge.

(b) Industrial, Agricultural, Small, Medium and Large Industries—Corresponding permanent supply rate plus usual charges for this category of supply plus 20 per cent surcharge.

*Special condition for tariff (a) and (b).*—(i) If the Supplier provides and installs the service and meter, the consumer shall be charged four times the charges for each period of 30 days as provided in standard Schedule of Service and General Charges.

(ii) If the consumer provides the material the consumer will pay to the Supplier, all erection and dismantling charges plus departmental charges at the rate of fifty per cent of the cost of labour for erection and dismantling.

(c) *Tariff for touring cinemas—Availability.*—Available to all touring cinemas, theatres, circusses etc. Supply to be given separately for,—

(i) Lights and fans.

(ii) Motor load.

*Character of service.*—A.C. 50 cycles, single phase, 230 volts or 3 phase, 400 volts (at Supplier's option).

*Tariff.*—(i) Lights and Fans, CS—Commercial Supply rate plus 25 per cent surcharge.

(ii) Motors/Small Industrial—Corresponding Industrial rates plus 25 per cent surcharge.
